Robin says, "I'm excited and confident about the value we bring to our clients by combining our industry experience with the discipline of the Sanford Rose Associates Dimensional Search(R) methodology, refined over more than 50 years in business. I am excited to be able to better serve the San Diego marketplace, since the West Coast represents the most significant concentration of Life Sciences candidates and companies nationwide. Having lived and worked in both San Francisco and San Diego for many years, I feel ideally suited to leverage my personal experience and executive network to provide better candidates to my clients faster than other firms. At Sanford Rose Associates-San Diego, we simply seek to be the best retained executive search firm available, as measured by our clients' satisfaction and loyalty and superior performance."
